3rd PARTY MOORING
APPLICATION INSTRUCTIONS

YOU MUST BE ON THE WAITING LIST FOR THIS MOORING AREA TO BE A 3RD PARTY USER!

1. **Incomplete forms will be returned!** Fill in ALL blanks (mark N/A if not applicable)
2. **One of the following must be submitted**
 - For any powered vessel - copies of **Current** State Registration or USCG Documentation
 - For un-powered vessels over 14', titles are necessary
 - For un-powered vessels under 14' a usable photo is required and proof of ownership must be on file
4. If you have questions, please call the Harbormaster's Office at (508) 945-5185.
5. Sign your application and make checks payable to: Town of Chatham

Fees:

Private Moorings & Slips for Resident or Non-Resident Chatham Taxpayer:

1. All vessels, length overall: \$2.50 / foot

Private Moorings & Slips for Non-Residents:

1. All vessels, length overall: \$6.00 / foot

Upon receipt, please place the mooring sticker supplied adjacent to your state registration sticker port side (left). If your vessel is not registered, please place sticker on the port side bottom of mast, OR port side where your registration numbers would normally be placed. To avoid fines, the Harbor Patrol must be able to clearly see and identify your mooring & sticker (port side).

KNOW YOUR REGULATIONS: You are required to adhere to all mooring/slip regulations. A copy of the Town of Chatham Permit Regulations for Moorings, Slips & Docks can be picked up at the Town Clerk's office (549 Main St.), the Wharfinger's Office (54 Barcliff Ext.), or the Harbormaster's office (618 Stage Harbor Rd.).

MARINE SANITATION DEVICE/POLLUTION CATEGORIES

<u>CODE</u>	<u>TYPE</u>	<u>DESCRIPTION</u>
N	None	Vessel has <u>NO</u> toilet facilities of any kind
P	Portable	Vessel has a completely <u>self-contained</u> , not permanently installed, toilet which can be <u>removed</u> from the vessel for the disposal of waster (commonly referred to as a "porta-potti")
T1	Type I	Vessel is <u>less than or equal to 65'</u> in length, & has a <u>permanently</u> installed toilet facility which <u>treats</u> the waste prior to discharge overboard.
T2	Type II	Vessel is <u>greater than 65'</u> in length, & has a <u>permanently</u> installed toilet facility which <u>treats</u> the waste prior to discharge overboard.
T3	Type III	Vessel has a <u>permanently</u> installed toilet facility, & a waster holding system which does <u>not</u> allow any discharge overboard ("holding tank")
T3b		Vessel has a <u>permanently</u> installed toilet facility, & a 100% re-circulating system or incineration system which does <u>not</u> allow any discharge overboard.
T1/3		Vessel has a system <u>combining</u> a Type I & Type III system as described above. (Generally a valve to determine waste is directed overboard or into holding tank)
T2/3		Vessel has a system <u>combining</u> a Type II & Type III system as described above (Generally a valve to determine waste is directed overboard or into holding tank)
N/A	Not applicable	Applies <u>ONLY</u> to the following: Float, Swim Float, Rental Mooring, Mooring only, Transient Mooring.
